6th May 2025	ADOPTED Min 25/188	
4th Mar 2025	ADOPTED Min 25/100	New Document

West Hill Parish Council is committed to identifying and managing risk, using the following procedures, and to ensuring that risks are maintained at an acceptable level.

Each year, when completing the Annual Governance Statement, the Council must consider:

- Assertion 5 — Risk management: We carried out an assessment of the risks facing this smaller authority and took appropriate steps to manage those risks, including the introduction of internal controls and/or external insurance cover where required.

The Joint Panel on Accountability and Governance (JPAG) March 2025 provides guidance on the proper governance practices of smaller authorities. It makes the following observations regarding risk:

- In order to warrant a positive response to assertion- Risk Management, the authority needs to have the following arrangements in place:
  - Identifying and assessing risks — The authority needs to identify, assess and record risks associated with actions and decisions it has taken or considered taking during the year that could have financial or reputational consequences.
  - Addressing risks — Having identified, assessed and recorded the risks, the authority needs to address them by ensuring that appropriate measures are in place to mitigate and manage risk. This might include the introduction of internal controls and/or appropriate use of insurance cover.
- As a minimum, an authority must identify and assess risks, and address those identified risks by mitigating or managing them. Appropriate arrangements vary and should be proportionate to the size and nature of the operations of the authority
- Risks are uncertain events or conditions (not just financial) that if they occur, will affect the authority's ability to achieve its objectives. The authority generally, and members individually are responsible for risk management.
- Typical categories of risks include:
  - financial – loss of money;
  - security – fraud, theft, embezzlement;
  - property – damage to property;
  - legal – breaking the law or being sued;
  - IT – failure of IT systems or misuse or data loss; and
  - reputational – actions taken could harm the authority's public reputation.
- Risks are unavoidable, but they need to be managed either by mitigation or controls such that they are tolerated, treated, transferred or terminated.
- Insurance is a significant way of managing and reducing risks relating to property, cash and legal liability (amongst other things).

The guide recommends grouping the three main types of decisions that have to be taken into three areas:

- i. Areas where there may be scope to use insurance to help manage risk
- ii. Areas where there may be scope to work with others to help manage
- iii. Areas where local councils may self-manage risk.

The Parish Clerk/Responsible Financial Officer and/or Finance Working Group will review risks on a regular basis, including any newly identified risks and will report to the Council. The review will include identification of any unacceptable level of risk.

West Hill Parish Council will continue to monitor the adequacy of its internal controls and mitigation measures and to take action to improve where appropriate.

Annually, the Parish Council, appoints an Internal Auditor. The scope of the audit includes the review the governance and internal control systems operated by the council. The Internal Auditor’s findings and report are presented to the Council for information and action, as appropriate.

**Review Period:** The West Hill Parish Council Risk Management Policy + Risk Assessment will be reviewed at least every six months (at the Annual (May) and November WHPC meetings) or earlier as required.

**RISK MATRIX**

		IMPACT				
		Insignificant	Minor	Significant	Major	Severe
PROBABILITY		1	2	3	4	5
Almost Certain	5	Medium 5	High 10	Very High 15	Extreme 20	Extreme 25
Likely	4	Medium 4	Medium 8	High 12	Very High 16	Extreme 20
Moderate	3	Low 3	Medium 6	Medium 9	High 12	Very High 15
Unlikely	2	Very Low 2	Low 4	Medium 6	Medium 8	High 10
Rare	1	Very Low 1	Very Low 2	Low 3	Medium 4	Medium 5

**Probability**

- Rare 1 Once in a blue moon - almost never
- Unlikely 2 Once every 10 years
- Moderate 3 Once every 5 years
- Likely 4 Twice a year
- Almost Certain 5 Extremely likely, frequent

**Impact**

- Insignificant 1 Negligible impact, no injury, financial impact less than £25
- Minor 2 Annoying but not disruptive, no injury, financial impact £25 - £100
- Significant 3 Injury narrowly avoided, disruption to plans, financial impact £100 - £1000
- Major 4 Minor injury, reputational damage, financial impact £1000 - £5000
- Severe 5 Death, major injury eg broken limb, legal action, criminal liability, , financial impact greater than £5000

## West Hill Parish Council — Financial Risk Management Record
